DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

2. Examiner has not considered the partial translations of the Japanese Publications, because they should be listed under "Foreign Patent Documents" along with copies of the foreign patent documents they pertain to.

Specification

3. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

4. Claims 5-21 are allowed.
5. The following is an examiner's statement of reasons for allowance:

With regards to Independent Claim 5, applicant has sufficiently claimed and narrowly defined an edge-lit light guiding plate superposed with a prism sheet including a plurality of prisms on the side of said light guide and configured so that the ratio of area of inclined surfaces per unit area decreases (or the prisms increasing in size) in a region of a range up to a predetermined distance from the incident side of said edge-lit

light guide. The prior art fails to teach or suggest the combination of structural elements disclosed and claimed herein, and all subsequent dependent claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The following references are cited to further show the state of the art pertinent to the current application, but are not considered exhaustive:
